Anh Luu Lloyd
November 29 1946 - May 21 2008

My beloved wife Anh Luu passed away peacefully early yesterday morning. She died in her sleep and was not in any pain. She is now in a peaceful place where there is no more sorrow and no more tears.

Anh had a long and hard battle with cancer that lasted 3 years. Everyone who knew her was amazed by her tenacity and spirit. There were numerous occasions when the road ahead looked slim and dark yet somehow, somewhere she found the light and came back. She was a very special person, a very positive person. We were going on 30 years of marriage and were blessed to have been able to do most of the things we set out to accomplish.

Anh was born in Saigon and got a scholarship to attend college in Ohio . She went on to graduate with a degree in Math and Accounting, achieving honors in the process. Her first job was at the East Ohio Gas Company where she stayed for a few years, then went on to Ohio Bell. While there, she finished her MBA, and in 1982 got promoted to a position in AT&T in New Jersey . We were

able to live and work in Hong Kong for 3 years before Anh retired from AT&T in 1998. After retirement Anh worked part-time as the CFO for Personal Mail International until her illness required her full attention.

She leaves behind her husband (Gorason) and two wonderful kids (Grant & Luanh) who were always her pride and joy. Her greatest pleasure in life was sharing her love with her family and the love we gave her in returned. I would often say that the best thing I did in my life was getting married to Anh and we would always agree that our biggest accomplishment in life are our two children.

She also enjoyed working outside in the yard and over a period of years have made our yard look very much like a park. She loved cooking with natural herbs from her gardens and taught Luanh a lot about cooking naturally.

She was not only a wife whom I loved - she was also my best friend which allowed us to do many things together. She supported me in all of my endeavors which personally made my life rich and fulfilling.
